FRUSTRATE ATTEMPT TO BURN BELLEVERNON SCHOOL BUILDING

Intruder Scared Away At Early Morning Hour While Trying To Gain Entrance

NO ARRESTS HAVE BEEN MADE

What is believed to have been an attempt to fire the public school building of Belle Vernon occurred at 4 o'clock Thursday morning. The would-be incendiary, however, was scared away by watchmen in the building, and made his escape, although a number of shots were fired in an attempt to halt the suspected person.

There were four young men placed in the Belle Vernon school building to guard it Wednesday night, and noth ng out of the usual routine was oser ed until aout 4 o'clock Thursday morning, when one of tht guards up stairs observed a man approaching the premises. The guard then went down stairs to warn the other guards, the man on the outside in the meantime having reached the building. He was tapping on a window pane with the evident intention of breaking it, possibly with a view of entering and firing the struiture, when he evidently became suspicious that some one was on guard At any rate he hurridly left the premises, and the guards seeing that he was endeavoring to make his escape gave chase. The man ran down over the hill toward the street car tracks, and although several shots were fired after him, he managed to make his escape.

The guards then began a search for him, and esveral people were apprehended and compelled to give an account of themselves. All of them, however, were able to give a good excuse for being out at such an early hour and were released. It was reportd that a man had een arrested for the attempted crime, but this report proved to be untrue.

This morning it was reported that thrte shots had been fired at the guards in the same building, but none of the bullets took effect. aNturally these incidents have caused considerable apprehension on the part of Belle Vernon citizens, and extra precautions are being taken to guard the buildings All children have been warned to stay away from the building outside of school hours for fear they might be injured should they be mistaken for some prowler, for while the authorities desire to protect their property and if possible capture any suspicious person that might be prowling about, they do not want any accident to happen whereby some innocent person might suffer.

Announcement has been made of the marriage of Miss Hope Arnold and John Shook, both of Charleroi. The wedding took place November 17th in Wheeling, W. Va. Mr. and Mrs. Shook are both well known young people. For the present they will make their home in Charleroi.

HOGAN FOUND GUILTY OF BANK ROBBERY

John Hogan, alias "Jack" Hogan, accused of being the driver of the car used by the bandits who held up and robbed the Finleyville Bank of $188,906.75 on May 24th last, was found guilty in a verdict returned in Judge McIlvaine's court Thursday morning. Sentence on Hogan will be imposed next Monday morning at 10 o'clock.

REMINISCENCE PARTY FOR ARMY SURGEONS

A most delightful function although strictly informal, was the Reminiscence Party, given at Turner Hall, last Wednesday evening, with Drs. V. P Vieslet and A. S. Sickman as hosts. About thirty friends from Charleroi, Washington and Monessen sat down to a delightfully appointed turkey dinner. After doing ample justice to the good things provided, 'Squire Whitehead introduced T. P. Sloan, who officiated as toastmaster. The latter paid a worthy tribute to the two veteran physicians of the world war, and the applause which greeted his remarks was convincing proof of the esteem in which Drs Vieslet and Sickman are held in Charleroi and the adjoining communities.

During the evening remarks were made by Prof. I. T. Daniel, Attorney D. M. McCloskey, Attorney Howard Hughes, of Washington, J. E. Masters, R. H. Rush, W. H. Calvert, W R. Gaut, Burgess S. L. Woodward, County Commissioner Johnson, Dr. Herron, of Monessen; County Engineer Chaney, H. L. Swickey, R. S. Coyle, Frank Zwick and Mr. Wall. The different speakers were eulogistic of the spirit which prompted the two local physicians to place their services at the call of their country, and congratulated them on the success which attended their efforts. Drs Vieslet and Sickman responded briefly.

The meeting was interspersed with vocal selections by Fred W. Brady and stories by John Jenkins, which added much to the evening's pleasure. Jenkins' orchestra also discoursed some very enjoyable music.

The assemblage dispersed after voting the evening a most delightful one. The committee in charge of the preparations were Burgess S L. Woodward, W. R. Gaut, Fred W. Brady and J. G. Albright, and they are to be congratulated on the splendid success which greeted their efforts.

State Authorities Are Investigating Recent Fires

State authorities are now making a rigid investigation into the recent fires that destroyed so many school buildings in this section of the valley, and which have entailed such a heavy financial loss upon so many districts.

Investigators arrived from Harrisburg on Tuesday and inspectd the ruins of the Gibsonton school building, destroped by fire at 4 o'clock on that morning, and are reported to have said they were entirely satisfied that the job was that of a "fire bug." They also visited the scene of the Clyde Martin barn fire, entailing a loss now estimated at $50,000. The entire afternoon was spent in gathering data and information and a series of wholesale arrests are promised.

A very good description of the three "bugs" seen making their way from the Rostraver building was had and it has been intimated that the identity of two of the persons has been thoroughly established.

State police at New Salem worked on Tuesday in running down all possible clues. They feel certain that, with the returns of the special investigators, they will have come into possession of choice bits of information which will lay bare all details in connection with the depredations of the outlaw gang which has been operating in this section of the valley for the past month, and which has resulted in such heavy loss.

State police officials say they have some very authentic information and that they are on the right track to run to earth men who have perpetrated these outrages.

PROMISES TO DESIST FROM SUNDAY GAMES

Sunday football games has been a burning question at Roscoe during the fall, and a meeting was held in the borough building of that town on Tuesday evening, November 16, to determine the sentiment of the community for and against obedience to the laws of the state. The attendance was quite large and a great deal of discussion took place. The young men who have been participating in Sunday games, while admitting that the practice was against the law, said they had no other time for recreation, and that it was the only day on which they could arrange such contests.

For the time it looked as if the meeting would break up without taking some action, but finally a proposition was made that if another game was permitted for last Sunday without molestation, the young men would give their word of honor that no other contest would be staged in that community on Sunday. The question was put to a vote and carried unanimously.

LOGAN JRS. ISSUE DEFY TO ALL COMERS

The Logan Jrs. are not satisfied with the statements made by the Shamrocks, and have this reply to make:

"Th Logan Jrs. of North Charleroi still claim the championship of Washington county in the junior line. The Logans were challenged last week by the Shamrocks of Charleroi but the Logans held them to a 0 to 0 score. The Shamrocks were loaded for the kids, having seven players of the Colonial team of Charleroi. The Logans defy any team in Washington county or in Pennsylvania, their weights, for the championship."

THREE STRAIGHT ARE TAKEN FROM MISFITS

The Packers, after feasting on turkey for Thanksgiving, wound up a days work by trimming the Misfits in three straight games at the Elk's bowling alleys last night. The first game was won by 25 pins, the second by 31 and the third by 17. It was the end of a perfect day, with Williamson, Jobes and Capt. Bert Mitchell rolling well for the winners, while Capt. Brown was the star for his team. Tonight Capt. Campbell's Oilers play Capt. Lowstutter's Cubs, game called at 8:30. Members of the Devil Dogs are requested to be on hand to roll their unfinished game with the Trimmers. Score:

This country's numerical increase during the last ten years was only 14.9 per cent as compared with 21 per cent in the previous ten years, but there were accidental conditions to explain this falling off, and with so vast a population as 118,000,000—including Alaska and the overseas possessions—we have no reason to worry.

Slippery And Muddy Field Prevents C. H. S. from Putting Over Winning Score

LARGE CROWD SEES THE GAME

Thursday morning at Donora the Charleroi High school football team and the Donora High football team played a battle to a scoreless tie, on a very slippery and muddy field. A large concourse of people witnessed the game, both teams being well represented on the side lines. Two special cars carried a large contingent of Charleroi "rooters" to the field, and they made their presence known throughout the game.

Thursday's game completed a successful season for the Charleroi High school team. They lost only two games during the season, and in one of them, the Rochester game, they scored seven points, a feat accomplished by no other team during the season. They scored 140 points to 48 for their opponents; their goal line was crossed only three times during the entire season. Coach Stahlman and Director of Athletic Miller are to becongrautlated for the success of the team. The fine showing of the players is largely due to their untiring efforts in coaching in keeping up the morale of members of the team. The lineup and score:

QUEEN ESTHER CIRCLE DISCUSSES COMMUNITY LIFE

The Queen Esther Circle of the M. E. Church was entertained at the home of Misses Clara and Emily Pearson of Crest avenue, Thursday evening. The leaders of the meeting were Misses Muriel Baker and Gertrude King, assisted by Misses Elva Majors and Phyllis Murray. The topic, Community Life, was discussed by the members and comparisons were made in regard to our own community. The business of the circle was then taken over by the president, Mrs. Wesley Peters, after which a dainty lunch was served by the hostesses, Misses Clara Pearson, Emily Pearson, Catherine Johnson, Gladys Johnson, Anna and Mary Anderson. The next meeting will be held at the church in the form of a Christmas party.

STILL AT IT.

Among American veterans of the great war one frequently hears the wish expressed that it had lasted longer "so that it could have been finished." This belief that the aggressive military spirit of Germany was not really suppressed is confirmed by the "tongue in the cheek" attitude of no few Germans. Bernhardi, for example, is still discussing plans for aggressive German militarism. He will be remembered as the author of "Germany and the Next War," in which, before 1914 he frankly discussed Germany's plans for dominating the world by force, plans for the subjugation of France, England, and possibly even the United States. He has now published another book, "War in the Future," which shows no change of viewpoint or purpose, and in which, as to plans for raising a large army even under present conditions, he says:

"Despite the present peace terms the U-boat weapon must be developed to the utmost. That this and the formation of an army are possible are proved by what happened in the years after 1906, when Prussia under the very eyes of the French garrison on her territory, trained 200,000 men instead of the 42,000 allowed her. This historical example proves once more, as do so many other examples, that every political policy which aims at achieving anything must always be, so to speak, an offensive policy."

The victors in the World War had better keep their eyes open, for already a movement in Baravia to organize an armed militia, ready at any moment to take the field, has spread to other parts of Germany, notwithstanding the fact that this is a glaring evasion of the spirit of a peace treaty for the most part yet to be enforced.

A TRANSPARENT TRICK.

The new government of Mexico, undoubtely an improvement on the old, has won commendation in several particulars. A few weeks ago early recognition by the United States was thought likely, but the news comes from Washington that recognition will be withheld until Mexico has made clear the effect to be given to Article 27 of the Mexican constitution relating to property in Mexico. The State Department is reported to be adverse to permitting itself to be stampeded into recognizing either by the strong pressure of certatin business interests or by the attitude of the Mexican government itself. In its impatience Mexico appears to have taken its cue from Germany, as it has too often done before.

Mexico, it seems, has caused it to be intimated that, unless it gets prompt recognition and the kind that it wants, it will turn Bolshevist, apparently assuming that the Bolshevizing of so near a neighbor would be regarded at Washington as a calamity to the United Statts which must be prevented at all costs. This argument was used again and again by Germany, in the months following the armistice, with a view to force the granting of better peace terms. But the Allies were not thereby coerced, for they did not accept the implied assumption that they would be the only or even the chief sufferers. So the Germans finally got tired of threatening to compass their own ruin by committing Bolshevistic suicide. Even if there were no other reasons for delay, a resort to this worn-out and transparent German trick on the part of Mexico would alone be sufficient to justify the United States government in taking time for due deliberation.

According to a Chicago dispatch out of 200 students of Northwestern University only 9 "had ever heard of Absalom," but in ignorance of the Bible this does not quite equal the recently reported class in the University of Pennsylvania, not one of whom had ever heard of the Prodigal Son.

BLEEDING, TENDER GUMS

Early symptoms of Pyorrhea, Riggs Disease, also 'Mouth-Acidity' exists in ninety-five out of one hundred adults. Preventative measures are advised by leading Dentists and Physicians. A good cleansing paste combined with medicated properties to prevent infection destroying the germs, correcting "Mouth-Acidity" by changing the saliva reaction, thus avoiding Tartar deposit, early cause of decay.

This medication is found in Dr. Ellis F-E-I Tooth Paste, the "Double Service Medicated Dentifrice" and you may prove the merits of this excellent dentifrice this week for half price if you sign your name and address and present this to your druggist. This will secure you a 3 oz. 50c tube Dr. Ellis' F-E-I Tooth Paste for 25c.

Has Swinging Wringer and Other Worthwhile Features

If any electric washing machine feature is worthwhile, the Gainaday has it. The efficiency of washing clothes spotlessly clean in the revolving, reversing Gainaday cylinder is undisputed. Too much evidence points that way—almost a hundred Gainaday owners right here in Charleroi and vicinity is your safeguard. Of great importance, too, is the powerful wringer which wrings the clothes from washer to rinse water to blue water and into the basket, all without moving the machine.

Are Monkey Glands the Secret of Health and Strength?

Thousands Now Using Various Animal Glands in Tablet Form for Run Down Conditions.

Seems to Work Wonders in Short Time, Making Life Worth While and Full of Health Instead of Sickness.

Once people laughed at the idea that a thing like the "horseless carriage" could be. Not so long ago people joked about airships. But automobiles and aeroplanes proved themselves.

And now people have stopped laughing at gland treatment, for gland treatment stems to have proved itself, and is continuing to prove itself in new ways every day.

Why Dosings Won't Do.

People used to relieve symphoms of run down conditions temporarily by dosing themselves with stomach and nerve stimulants. But that was before the full cause of run-down conditions was discovered. Some time ago it was discovered that in many cases weakness, thinness, anemia and nervousness are due to rundown glands.

According to latest reports, glands govern the building up of the millions of cells in the muscles, brain and nerves. As long as the glands are healthy, the blood is rich and red, the muscles vigorous, the brain keen, the nerves strong. But naturally, when the glands are diseased, the blood, muscles, brain and nerves all suffer. In short, people are rundown when their glands are rundown.

YOUTH RESTORED THROUGH GLANDS

"An eminent surgeon has just startled the world with his claim that old men can be rejuvinated by removing certain exhausted and decaying glands and replacing them by similar glands taken from the bodies of healthy young monkeys.

More extended experimentation has proved that the serum extracted from the intestinal glands is just as effacious in its effects as if the gland itself had been transplanted. This discovery precludes the necessity of operation.

The notion that certain glands of the body bear a very important relation to its nutrition, and particularly to bodily energy and endurance, is not new. More than three decades ago the venerable Dr. Brown-Sequard performed certain experiments upon himself by injecting into his tissues the juices of glands obtained from the lower animals. He reported an extraordinary increase in his vigor and endurance."

(The above is reproduced from a newspaper article.)

Helping the Glands.

The cause of the trouble seems to have been discovered. The thing to do is to help the run-down glands. Monkey glands are often used. But now splendid results are being obtained with gland extracts, taken from the glands of other vigorous young animals, such as sheep and cattle. These extracts are given to the patient in tablet form.

Frequently marked improvement is noticed after the first few days; and often in a few weeks the patient is full of strength, energy and enthusiasm.

Secret Now Revealed.

As a result of the wide interest in the newest medical discoveries, scientists have prepared a tonic containing gland extracts in tablet form. This is now available at any druggisis under the name of Glandex Compound.

In addition to gland extracts Glandex Compound also contains iron and other healthful ingredients which have been used for years as body builders.

Already the demand for Glandex Compound is overwhelming; druggists find it hard to keep up their stocks of it. So it is suggested that you go to the nearest druggist for Glandex Comopnd at once. He is authorized to retuurn your money if you do not feel a decided improvement in your health, strength and endurance in ten days.

The Glandex Company, Inc., 244 West 29th St., New York.

WE GIVE THANKS

It is good for us all to give one day each year to honest recognition of the things we have to be thankful for.

This November we, as a Nation, again give thanks in memory of the Armistice that brought us peace.

And we appreciate more keenly than ever the privilege that is given us all as Americans, a voice in selecting those who guide our national affairs.

This Institution is thankful for the friends it has made, for its many opportunities of serving them, and for the vision of greater opportunites ahead.

In keeping with the spirit of the day we shall be closed for Thanksgiving, November 25th.
